Graft

Description

Tendons without bone

- Tibialis anterior
- Tibialis posterior
- Peroneus longus
- Gracilis
- Semitendinosus

Required Dimensions

Length

mm

Diameter (1xfolded)

mm

Minimum dimensions

L ≥ 180mm;

D ≥ 6mm (1xfolded)

Tendon/Ligament with Bone

- Patellar ligament
- bisected
- whole
- preshaped

- Achilles tendon

Length (Ligament)

mm

Diameter (Ligament)

mm

Minimum dimensions

Tendon: L ≥ 30mm;

Bone: L ≥ 28mm, W ≥ 12mm;

Preshaped Cylinder: D ≥ 9mm

Length (Tendon)

mm

Minimum dimensions

L ≥ 150mm

- Meniscus

- Left Right
- Lateral Medial

Length AP

mm

Length ML

Ordering information

Frozen allogenic transplants for orthopedics, trauma surgery and sports medicine are selected according to the patient's medical requirements and delivered at the surgery date. The request form is used to determine the required transplant as precisely as possible. The order is made separately. Soft tissue and complex transplants are provided in cooperation with partner tissue banks in Europe and the USA.

Complex grafts

Complex transplants are differentiated according to (1) the bone required, (2) this according to the desired segment and (3) further according to the type of segment, whereby the following linguistic rules were set:

- Structural graft:** Bones without cartilage and other soft tissue
 - Osteoarticular graft:** Bones with cartilage, but without other soft tissue (frozen)
 - Osteochondral graft:** Bones with vital cartilage - cooled, can only be stored for a short time
 - Graft incl. soft tissue:** Tendons, ligaments, cartilage adhere to the bone and must be precisely specified
- To complete the request, (4) the side of the patient to be treated must also be specified.

(1) Graft	(2) Segment	(3) Type	(4) Side
Femur Tibia Fibula Humerus Radius Ulna	Whole Part Proximal Distal Diaphysis Head Condyle	Structurally Osteoarticular With soft tissue, which ...?	Left or right
Patellar Talus Calcaneus Acetabulum	Whole or bisected		
Iliac Crest			
Sternum	Whole		
Example			
Tibia	Proximal	With patellar and Quadriceps tendon	Left

Data protection

C+TBA processes the personal data provided by the CUSTOMER in this document as well as any other information necessary for the execution of the contract (e.g. order processing) only for the implementation of the business relationship between C + TBA and the CUSTOMER (Art. 6 Para. 1 lit. b GDPR).

In order to fulfill the purpose of this contract, C+TBA may have to disclose personal data that are contained in this contract or that are necessary for the execution of the contract to third parties who provide the support mentioned. This may require the transfer of data to third countries in which these third parties are based. C + TBA only transmits the above-mentioned personal data to third countries (countries outside the European Union (EU) and the European Economic Area (EEA)) or to international organizations insofar as this is necessary for the execution of the contract. Otherwise, data will only be transmitted if an adequate level of data protection is ensured in the respective third country (Art. 45 GDPR), suitable guarantees are provided (see Art. 46 GDPR) or other legal permission exists (see Art. 49 GDPR).

The data are generally deleted as soon as they are no longer required to fulfill the contract, in compliance with the statutory documentation and retention periods that result from the contract.

You have a legal right to information, correction and deletion as well as restriction of the processing of your personal data and data portability. You also have the right to object to certain data processing and the right to lodge a complaint with the competent supervisory authority. For further information on the processing of your data and your rights in detail, please contact us.
